\* The basis for conclusion is a long document which will not be available before the meeting due to the underlying heavy workload. We expect to be able to share the final version shortly after the meeting and will require written input from Board members prior to its issuance. The process will be explained in more detail during the Board meeting.

\*\* Please note that the consultants report has been shared with the Board for the SRB meeting of 25 November 2025. This report is final subject to minor editorial adjustments to update cross-references to the finally approved amended ESRS.

\*\*\* Documents are numbered as per the original agenda, from 03-01 to 03-04.
